

NEW IN 2024: CSIRO Publishing BioSelect Collection

In partnership with CSIRO Publishing, this collection of 204 eBooks will be an invaluable resource for environmental, plant and animal scientists, and researchers, practitioners, and students in related disciplines. Explore this selection of key research with global applications.

The CSIRO Publishing BioSelect Collection will be available to libraries in mid-2024 for a one-time purchase, and will be distributed on the trusted BioOne Digital Library. A full title list is available at BioOne.org/CSIRO-eBooks.

Contact sales@bioone.org to secure this collection for your patrons.

TRUSTED RESEARCH FROM:

CSIRO Publishing is Australia's leading science publisher and operates as a not-for-profit, editorially independent business unit within the Commonwealth Scientific and Industrial Research Organisation (CSIRO).

Vital eBook Content From Trusted Nonprofit Partners

The CSIRO Publishing BioSelect Collection from BioOne eBooks represents decades of trusted knowledge from field guides through to taxonomy, practical agricultural references as well as insights into environmental issues such as climate change, biodiversity, fire and soil science. Covering unique species from Australia as well as outcomes of key research with global applications, this collection will enhance the depth and breadth of any library.

Benefits for New & Current Library Partners

AFFORDABLE: Tiered pricing and discounts via 40+ consortia, no continuing platform fees.

EFFICIENT: Access a diverse collection of biological and ecological research with a one-time purchase.

SUPPORT FOR STRATEGIC RESEARCH: Trusted content from a broad cross-section of subjects including climate science, wildlife preservation, and sustainable agriculture.

MISSION-ALIGNED: Funds from BioOne eBooks are reinvested in sustainable scholarly communications.

Valuable Features and Tools

CONTINUING ACCESS to BioOne eBooks is provided via the BioOne Digital Library, a robust platform hosted by our non-profit partner SPIE. BioOne eBooks users enjoy the same features, integration, and discovery capabilities as subscribers to our flagship BioOne Complete collection.

REMOTE ACCESS to support on and off-campus users.

INTEGRATED DISCOVERY via MARC records and 15+ indexing and discovery partners.

SEAMLESS REFERENCE TOOLS compatible with EndNote, RefWorks and more.

USAGE ANALYTICS via COUNTER 5-compliant statistics and SUSHI harvesting.
